

ACCESSORIES

THERMOSTAT

Features	UoM	AAWTC10
Field of regulation	°C	0-60
Activation differential	K	7
Contact	-	NC
Contact capacity with resistive load	A	10
Max voltage	V	250 AC
Dimensions HxWxD	mm	60x33x35
Sensitive element	-	Bimetallic
Electrical connection	-	2-pole terminal board (2.5 mm ²)
Operating temperature limit	°C	-45+80
IP rating EN60529	-	IP20
Clip installation for DIN rail	mm	35
Weight	g	40
Conformity	-	CE

Accessories

Pack of 5 x device installation accessories for cabinets	-	AAWFT10

AAWTC10

Compact thermostat, fast snap-on installation, with a wide field of regulation.

It has a normally closed contact and is used primarily for controlling anti-condensate heaters.
